

GPE FROZEN MAXI STORE

The GPE Frozen Maxi Store enables the vending of frozen products 24 hours a day, 7 days a week. With the ability to vend anything from ice creams to ready meals and much more besides, the GPE Frozen Maxi Store has you covered for all of your frozen vending needs!

This machine is suitable for a wide range of locations, from farm shops and ice cream parlours to play centres, waiting areas and more. Fully automated, with a large retrieval area and around 130 litres of storage (equivalent to 3 x reloads), the GPE Frozen Maxi Store takes the hard work out of merchandising, serving and re-stocking.

The GPE Frozen Maxi Store can be fully customised to suit your choice of frozen products and offer a seamless vending experience for your customers.
